6  
WATER WORLD

- **Enquire** about water. Be clever while enjoying it!

SAVE THE DATE!  
WAKE UP NATURE CELEBRATION  
on the 13th Apr.

**ENROLL HERE**

Connecting children with their (own) nature

# NAYA #1 (2018-2019) – 7 to 12 Y/O

“Become one with Nature” is our learning objective, which will also help children **develop empathy and embrace differences**. The programme will culminate in the Wake Up Nature celebration in April and with the distribution of certificates in **wood-crafting, tying knots, rope manufacturing**, etc. There will be enough time for laughs, fun challenges, and unstructured play with friends to **nurture creativity** and flourish. Step by step, your child will turn into a courageous free spirit: are you ready to witness this transformation?

All sessions are led in English by our Nature Mediators. Experts will lead one full term of the programme (i.e. [Enrichment programme](#)).

## Educational Objectives

- Balance ENERGY**  
 -body-agility & use of senses
- Develop EMPATHY**  
 -emotions-feelings, respect & cooperation
- Preserve CREATIVITY**  
 -mind-autonomy, imagination & problem solving
- Understand SYNERGY**  
 -living-proactiveness, citizenship & sense of wonder

## Areas of learning

- treasure hunting*: **Stealth PLAY** Take up the challenges and be one with nature
