# ACHACHAK! #2 – 2019-2020

## Nature Club – 1 to 7 Y/O

Naya Nature Academy students will learn to **communicate their emotions** and **respect** others' while becoming one with Nature. They will be actively encouraged to explore real nature - bugs, snails, plants, mud, birds, etc. - which will **develop their personal awareness of being part of a whole**. Eyes on the meadow, feet on the ground, they **will investigate, discuss their findings, and learn how to create objects out of the natural things they collect**. Your child will become a wise Achachak. Will you recognise them after this immersion in the wilderness?

*All sessions are led in English by our Nature Mediators. Experts will lead one module of the programme.*
